PART-I

PAPER I- HISTORY AND PHILOSOPHY OF SOCIAL WORK

Course Objectives:

To help learners to gain a clear conception and understanding about the Social Work Profession and develop the knowledge about the historical development of Social Work as a profession both in India and abroad. This paper aims to explain how the present day Social Work underwent a transformation from charity to an empowering profession. It gives a clear idea about the importance of Social Work Education in our society and creates awareness about the basic principles, ethics, values and methods of Social Work practice. Along with this the learners also get familiarized with some core concepts related to Social Work practice.

Course Outcomes:

- Develop commitment to the goal of humanism.
- Imbibe values cherished by the profession.
- Develop attitudes essential for a professional practitioner.
- Develop a critical awareness of the tradition of social work in India and a cultural perspective of professional social work.
