## Part - 13: Innovation and Best Practices

### i) Innovation introduced during academic year

University has started the ICT integrated pedagogy and blended learning which includes F2F teaching, online teaching, AV lectures, live chat etc. Specially during pandemic, the ICT integrated pedagogy helped a lot to engage the learners in their study. The admission, renewal and submission of examination form including payment of fees are made online. During 2019-20, in the pandemic period, the learners were not required to visit their LSCs. From home they continued their study by downloading the E-SLMs from website and LMS. The NSOU App is also very useful and its usage was increased many fold due to pandemic. Automation was also introduced in the examination process e.g. online generation of admit card, online submission of exam form, uploading of assignment marks by evaluator on portal are some of the innovation of the academic year. The services like e-SLMs, online classes, online admission, online renewal, online submission examination form, online payment, downloading facility for admit card and blended examination system helped a lot during pandemic period. learners continued their studies with these services from their home without travelling to other places. The university also arranged some sessions on stress management to overcome the mental stress during the lock down period.

## ii) Give Best Practices of Institution

NSOU has internally evolved certain “ best practices” which have in course of time have created a positive impact on its regular functioning. These best practices pertain to academic/administrative/ organizational aspects. Two best practices may be mentioned here: Responsiveness Towards learners: To achieve its motto of ‘To Reach the Unreached’ the institution has developed a successful mechanism that responds to its learners sensitively and effectively. Dedicated help desk and online support system, prompt grievance redressal mechanism of the university ensure that the learners are given first-hand and accurate information and do not fall prey to rumours and hearsay. This best practice has paid rich dividends of high enrolment figures. Transparency: The university follows a good transparency system in its various activities like i) Transparency in Finance Department, ii) Transparency in Admission Process, iii) Transparent System of Monitoring the LSCs, iv) Transparency in the Examination Process, v) Transparency in the Academics and vi) Transparency in General administration

## iii) Any other Information

To address the learners’ varied needs and demands, NSOU has established various Innovative Centres under different School of Studies in view of the following objectives: i) Lifelong learning, ii) Knowledge and skills updating for the ever-changing work environment and iii) Vertical and horizontal mobility in job sphere.
