About the School

The School of Professional Studies, of Netaji Subhas Open University which came into existence in June 2015, aims to spread the concept of “**Education For All**” and create professionals in the field of Commerce & Management, Social Work and Library & Information Science who would effectively contribute for the development of our society by the application of efficient and effective professional skill and knowledge so that learners could imply their theoretical knowledge in their practical experiences. The school focuses on designing such professional courses which will help the learners establish themselves in the job market by developing professional skills and aptitude.

The School gives lot of stress on field based experience in terms of fieldwork and dissertation based activities to its learners, so that it may enhance their capabilities to work with more confidence and competency before they actually enter into various sectors for employment relating to management, finance, library and information science and social work. Though it may be difficult to run professional courses through Open Distance Learning system, but the University with its excellent ICT support, and committed faculty members have never experienced difficulties in conducting such courses.

Thus the School always endeavours to enhance the capabilities of the learners and help them develop professional approach keeping in mind the need and trend of the learners as well as the job markets. The school has made substantial contributions in the field of professional studies (Commerce & Management, Social Work and Library & Information Science) by producing professionals who are occupying leading position in various sectors.

This is the first time that with the approval of the Executive Council and Academic Council, the school is going to introduce the short-term training programme to fill the gap between demand and supply of skilled workforce.

Objectives of the Training Programmes

Netaji Subhas Open University, the state open University of West Bengal contributes to the building up of quality human resource base of the State in view of the demand of the knowledge seekers for education appropriate to the twenty first century.

The School offers different short term training programme with the objective of providing hands on training to the freshers as well as professionals in different fields. The existing workforce as well as the freshers may enhance their knowledge in the respective field by participating in these training programmes. Broadly speaking, the ultimate objectives of such training programmes are:

i) Improvement of skills, ii) Self-employment, iii) Continuing education and Professional development at work place, iv) Diversification of knowledge.

N.B. : All the contact classes and assessment will be conducted at Kalyani Campus, Nadia only.
