### **The Independence Day Celebration 15<sup>th</sup> August 2020**

Independence Day on August 15<sup>th</sup> is celebrated every year across the nation. The moment will not only be celebrated in governmental offices, but also in schools and colleges as well. The National Day is followed since 1947. This time it is 74<sup>th</sup> year of celebration. This year India would have achieved 73 years of freedom and marks the 74<sup>th</sup> Indian Independence Day. India pays respect to all leaders who fought for India's freedom in the past. On this day Prime Minister of India hoists tricolour at the Red Fort, Old Delhi, and will deliver a speech to the nation. Various cultural programs involving schools and organisations are held in Delhi. But this year due to the COVID-19 pandemic the celebrations was different. Flag hoisting ceremonies and cultural programs take place in governmental and non-governmental institutions throughout the country. Flag hoisting and different cultural programs were taking place in our regional centre but maintaining the strict COVID-19 protocols.

The dance performances of each house were splendid! Different dance forms, colours everywhere, emotions expressed beautifully and all so coordinated. It was an amazing experience. The audience was amazed to see the participants in their beautiful dresses and the beautifully depicted stories through dance. So, pandemic-induced lockdown or not, Independence Day will be celebrated, the 'new normal' way.

### **Republic Day Celebration: 26<sup>th</sup> January 2021**

We know that the Constitution gave citizens of India to choose their government and paved the way for democracy. On 26 January, the first President Dr. Rajendra Prasad took oath at the Durbar Hall in Government House and unfurled the National Flag at the Irwin Stadium. Therefore, since 26 January, 1950, Republic Day is celebrated in India which is one of the most significant days in the history of India as on this day the Indian Constitution came into force. On this auspicious day, India became a Republican unit.

It is the day when monarchy was demolished from the country. On 26th January 1950, India was declared a sovereign, socialist, secular, democratic republic and the Constitution assured the citizens of India justice, equality and liberty.

In the words of Bhagat Singh, "The sanctity of law can be maintained only so as long as it is the expression of the will of the people". When the Constitution came into effect from 26th January 1950, people were assured that could enjoy their 'Fundamental Rights' and had freedom of speech; it was the freedom in real sense as people could express their will and enjoyed equal law.

### ***Establishment of ICT enabled Digital Conference Room***

The introduction of ICTs into distance education is re-enforcing another significant trend in education. This is the re-invention by a number of scholars of the basic concept of education seen as an event that takes place in a single geographic location. Contrasted to the idea of education as a single process within such a closed and contained environment, under the new concept education is seen as an “open” system. Whereas, conference rooms are meant for formal or large meetings. Due to their size and seating possibilities, conference rooms are often used for lectures with one person leading the meeting and speaking to the rest of the group.
