The World Environment Day (WED): 5th June 2022

World Environment Day (WED) is an annual celebration/campaign which takes place simultaneously around the world on June 5th, every year. Focusing on pressing environmental issues, this day has been celebrated since 1974. Basically, the world environment day is organized not only to create awareness but also to suggest ways how to improve our mother Earth's health such as by conserving forests, improving sea life, etc. In a nutshell, the World Environment Day celebration helps build momentum and unite the global community in actions for positive change. This year, the theme of World Environment Day 2022 is Only One Earth, focusing on "Living Sustainably in Harmony with Nature".

NSOU regional Centre Jalpaiguri organized an awareness program on the occasion of World Environment Day. All the learners and staff of NSOUas well as academic counselors have participated with full energy in this program. Shri Santanu Dam Dy. Director (RC) gave a very good and well-researched speech about how the condition of our environment today and why we need to be aware. He also tells us what steps we should take immediately so that we can make our environment healthy. Next, the faculty members, Deputy Librarian, and other academic counselors discussed the objective of this program is to spread awareness among people about saving our environment from various types of pollution and to plant more and more trees to make our mother earth full of greenery. More than 40 saplings were planted all around the campus. Learners, Faculty members, and all the staff including Deputy Librarian as well as academic counselors also planted the saplings. The program ended with the oath to make our planet greener. Placed before Hon'ble VC for necessary action and kind direction.
