Report on Celebration of World Environment Day

5th June, 2023

The World Environment Day is celebrated every year on 5th June to raise global awareness to protect nature and the planet earth. This day reminds all of us to be involved in environment friendly activities. Learners gather to pledge towards building a greener planet.

The objective of this programme is to spread awareness among learners about saving our environment as well as planet from various types of pollution and plant more trees to make our planet full of greenery.

Keeping this aim in view, NSOU Regional Centre, Kalyani celebrated World Environment Day on 5th June, 2023 through plantation.

Every year students, faculties, and staff along with the garden staff plant saplings. The campus has become lush and green due to this program over the years.

In this year, 25 students, 15 faculties, officers and staff gathered together to celebrate the World Environment Day through plantation.

Regional Centre, Kalyani planted various indigenous saplings in the campus throughout the year. Twenty (20) valuable saplings were planted on World Environmental Day.

The saplings are

- Shal Tree (*Shorea robusta*)
- Teak Tree (*Tectona grandis*)
- Mahogany Tree (*Swietenia macrophylla*)

Students, Faculties and Staff of Kalyani Campus were asked to plant a sapling on this auspicious day. They were enthusiastically participated to celebrate the day and lot of excitement was observed among the learners. The event was conducted successfully with whole-hearted participation and ended with an oath "Plant more and more trees for more greening".
