In addition to these ongoing online classes that may be accessed both live (on given dates) and in recorded format (on the LMS), learners are additionally advised to avail of the following Student Support Services from the LMS:

- **MCQ-Type Questions:** MCQ-based questions will be uploaded by faculty members on the LMS, and learners can submit their responses directly through the portal. Discussion sessions will be organized at periodic intervals on the basis of these responses.
- **Descriptive-Type Questions:** Descriptive questions will be uploaded by faculty members on the LMS, and learners are encouraged to either type in their answers in the LMS interface or upload their responses in the respective submission section.
- **Discussion Forum:** A discussion forum facility will be available where faculty members can interact with students through synchronous or asynchronous discussions for academic engagement and clarification of course-related queries.

**The aforementioned facilities can be accessed through both the portal and the mobile application.**
