Website : www.wbnsou.ac.in

About the University

With more than 4.5 Lakhs enrolled learners, Netaji Subhas Open University stands unique as the only State Open University in West Bengal. Since its inception in the year of 1997, NSOU, has been actively engaged in the development and qualitative expansion of academics in higher education in the State through open and distance mode of teaching, learning, research and extension. Presently we offer Ph.D., Post-graduate and Undergraduate programmes in different disciplines apart from various vocational courses. As per the quality of the transmission of knowledge and its stature, it was recently accredited with Grade A by the NAAC in its first cycle. NSOU is now going through a phase where different ICT components are being blended with the traditional teaching learning process to reach the mass. To cater to the needs of the ever increasing learner base, we are developing the e-content (e-SLM, A/V lectures, SD card. Live chat etc.) for its seamless instantaneous delivery to the learners. These initiatives help us in reaching out to our learners directly with the objective to make them more independent. Such ICT initiative also facilitates any time anywhere learning, ensures inclusive and equitable quality education and promotes lifelong learning for sustainable development.

About School of Professional Studies

The establishment of the School of Professional Studies (SPS) reflects a holistic and pragmatic approach of the University towards professional education in the modern era. The School has been given the responsibility of conducting courses in Commerce & Management, Economics, Social Work and Library & Information Science. The syllabi of all the courses have been framed to keep abreast with new developments in each subject in order to, on the one hand, suit the needs of the job market and on the other, give a comprehensive coverage. The School helps in creating individuals with specialized skills as required by the job market relating to management, finance, library and information science and social work with a strong theoretical, practical as well as experimental knowledge in the respective discipline. The School has been established keeping an eye to rejuvenate this academic mission with a difference to prepare value added human resources for the tailor made workforces.

About the Centre

The Innovation and Incubation Centre (IIC) under the aegis of School of Professional Studies offers various need based Short Term Courses (STCs) in its own Campus / Regional Centres for catering the growing demand of the courses among students and professionals. The courses will be conducted in offline and face to face mode. Interested aspirants can contact with the respective Course Coordinator in the concerned Campus / Regional Centres for further information. The Innovation and Incubation Centre is expected to support the community grows with innovative ideas through training programs, mentor meets, seminars, workshops, skill development, interaction with industry experts, job fairs, product showcases, etc. In addition to that the ICC will have the facility to provide training in other domains/disciplines for the already trained persons engaged in various activities for the advancement of knowledge and further mobility in the workplace.

The objectives of such short-term courses are:

- ◆ Certification
- ◆ Improvement of skills
- ◆ Self-employment
- ◆ Continuing education and professional development at the workplace,
- ◆ Diversification of knowledge

Details of Courses

Diploma in Taxation and e-Filing

Programme Objectives:

The main objectives of this programme are delivering the concept of Goods and Services Tax (GST), Customs Duty, Income tax and e-Filing which will inculcate among the learners a practical knowledge of Tax Planning and Filing. Such course will lead the youth towards a self-employed nation. It is commonly observed that the primary purpose of taxation is to raise revenue to meet public expenditure. Among the different sources of government revenue, taxation is considered the most viable one and is widely applicable throughout the globe because of its specific identification of not being quid pro quo. The system of taxation is- Progressive Taxation, Regressive Taxation and Proportional Taxation. The essential features of taxation highlight 4 Rs of Taxation (Revenue Raising, Re-distribution of Income, Representation of Income and Re-Pricing). Thus, this Programme are to enable the learners to identify the basic concepts, definitions and terms related to Goods and Services Tax (GST), Customs Duty and Income Tax. It will also give the learners a practical knowledge of Income Tax Filing. They would also be able to identify the technical terms related to Income Tax, determine the residential status of an individual and scope of total income. After going through this course, the learners will also be able to know the concept of Goods and Services Tax (GST), Customs Duty, Income Tax Return, Calculation of Total Income, Taxability and some other legal formalities, Residential Status and Incidence of Tax, Incomes which do not form part of total income, Computation of Income under different heads, Clubbing of Income, Set off & Carry Forward of Losses, etc.

Mode of Delivery: Blended Mode (Online and Offline)

Certification: The Certificate will be provided after successful completion of the course.
