Report of the Induction Meeting at Bankim Sardar College Study Centre (G-10)

An Induction meeting was conducted at Bankim Sardar College Study Centre with the newly admitted BDP Students on 2nd February 2020. There are some senior students too. A team comprising of Prof. Kajal De, Director, School of Sciences, Smt. Nilanjana Chatterjee, Assistant Director, study Centres and Mr. Sandip Das, Assistant Professor of Botany participated in the Induction meeting on behalf of the University. Principal, Bankim Sardar College was present throughout the meeting. Coordinator and other staff members were also present. Around 250 learners participated in the Induction meeting. The members addressed the learners and very aptly described the importance of Open and Distance learning, the procedure to be followed in the teaching learning process, facilities provided by Netaji Subhas Open University to the learners and the utility of following the University Website regularly. Learners were also requested to give their feedback so that University could take steps for betterment. Details of Laboratory Counselling cum Evaluation Session for BDP science students of the university was discussed to make them aware of the importance and procedure of the system. Learners of the Learner Support Centre/ Study Centre had also shared their view as to why they have chosen Open and Distance Learning and how they have been benefitted by the system. Everybody reported that they have received Self Learning Material on time. The team also interacted with the students and listened to their problems and tried to sought them out.

After the Induction Programme, the team also interacted with the Principal and inspected the Study Centre. Study Materials are neatly arranged and all notices are properly displayed. There is no shortage of Study material at this moment.

Placed before the Hon'ble Vice Chancellor for kind consideration
